

**GeneBio Systems is excited to announce that some of our products are now available at the MedStore for your convenience.**

**We are a concierge type service for molecular and cellular biology products.**

A locally owned, Canadian company which promises to quickly provide a steady supply of top quality reagents at "grant-friendly" prices!

**Thank you MedStore!**

# PRODUCTS

## PCR/qPCR

Polymerases / Master mixes  
Electrophoresis products  
Application-specific enzymes and master mixes  
dNTPs and reagents  
PCR cleanup / Gel extraction  
PCR contamination prevention \*  
Try PaCeR all-purpose polymerase for ANY PCR

## Next Gen Sequencing

Amplification and enrichment  
Library prep and indexing  
Single-cell NGS  
Hot-spot targeted sequencing  
DNA-Seq and RNA-Seq products

## Sample Prep

DNA/RNA/Protein isolation  
Spin column & mag-bead kits  
Liquid extraction reagents-TRIzol

## Cloning

Classic and PCR-based cloning  
Competent cells  
Expression and cloning vectors  
Res enzymes, ligases, CRISPR  
Plasmid preps and transfection

## Protein Chemistry

Protein assays, reagents  
Protease inhibitors  
Protein purification resins  
Western blot and ELISA

## Cell Biology

Mycoplasma Detection/control  
Reporter assays, IHC/IF  
Cell Counting, and MORE...

**Questions about our products? We're here to help! Please contact us at:**

<b>Toronto West</b> (MSB, CCBR, LDPB, Mt Sinai, UTSG, UTM, PMH, TWH, CAMH, and West Toronto)	<b>Toronto East</b> (MaRS, HSC, UHN, TGH, HSC, Ryerson, UTSC, SMH, Sunnybrook and East Toronto)

***Do you use PCR, NGS, gel electrophoresis, nucleic acid isolation, cloning, immunoprecipitation, ELISA, or cell culturing in your lab? We are your local Canadian biology supplier providing concierge service. We are happy to help with any of your needs for reagents, consumables and other supplies. Check out our product portfolio on our website.***

Address: 760 Laurentian Drive, Unit 20, Burlington, ON, Canada L7N 3V6

For consumables and other products, please visit our website [www.genebiosystems.com](http://www.genebiosystems.com) or ask us.
