PaCeR™ Enables Consistent  
Long PCR Amplification

PaCeR™ is a Fast DNA  
Polymerase

PaCeR™ Amplifies More Targets  
versus other Robust  
Polymerases

PaCeR™ Can Amplify Targets  
with Up To 85% GC-Content

## High Fidelity

53-fold higher than Taq DNA  
Polymerase and 6-fold better  
than Pfu DNA polymerase

## Long Range Capability

Amplify fragments as long as  
40kbλ DNA, 20kb genomic DNA  
and 10kb cDNA

*\*Must purchase 5 units of the 1mL, 2x GB-AMP™ PaCeR™ HP™ Master Mix (CAT: PCR-002-01) at full price for the promotion to apply. Offer valid until December 9, 2022*
