One-tube, one-step PCR cleanup

ExoSAP-IT Express—PCR cleanup for all your sequencing workflows

Get fast PCR cleanup with our one-step solution using Applied Biosystems™ ExoSAP-IT™ Express.

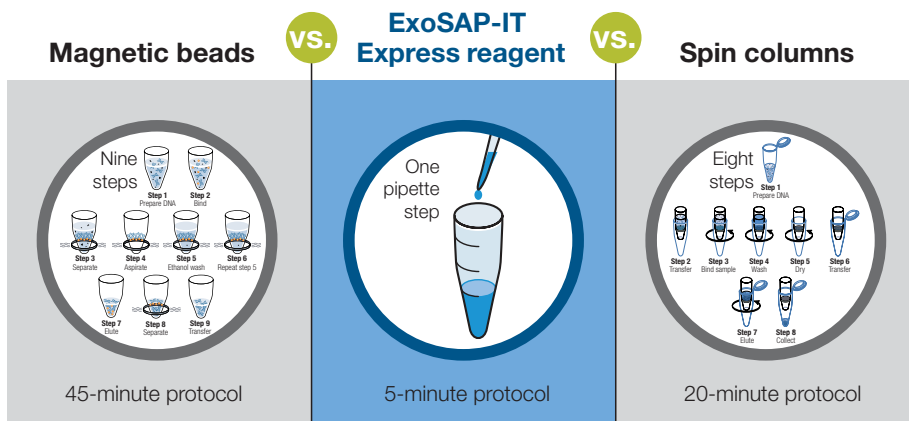

Key benefits:

- One-tube, one-step PCR cleanup—reagent can be added directly to PCR product
- 5-minute protocol—swift turnaround
- 100% recovery of PCR product—regardless of amplicon length

ExoSAP-IT Express reagent compared to spin columns and magnetic beads allows for significant reduction in sample cleanup time with minimal steps, enabling the simplest workflow.

SKU 75001.200.UL
100 rxns - \$154.00

Are you sending samples out for Sanger sequencing or NGS? We are here to work with you!
