NEW

EX13

Prestained Protein
Ladder (500μL RTU)

Key Features:

- 5-color bands for easy reference
- 13 proteins, 5–250 kDa range
- Ideal for SDS-PAGE & Western blot
- Clear visualization with 3–5 μl loading
- Long-term stability at -20°C

Tris-Glycine
4~20%

SDS Buffer

Loading Volume: 3-5μL
